Considerations: Applicants should realize that the job of a camp counselor is challenging, demanding, and requires a great deal of patience and understanding. Personal lifestyle sacrifices may have to be made including disconnecting from daily use of digital technology during the camp day. Sensitive and dynamic leadership is necessary to provide youngsters the opportunity to grow, learn to positively relate to others, establish life-long values, and increase their appreciation of the natural world. Salary depends on level of experience and relevant certifications (\$625 - \$725 per week). Possible housing available.

Preferred qualifications: Bachelor's Degree and at least two years of direct experience in teaching archery to kids. If no degree, equivalent work experience preferred.
