July 29, 2011 • Session 5

CBC vs. Zombies?

Hi, this is Clark B. from Lightning camp. I'm an ordinary kid, I just ask questions and that's what I'm doing now with Philip B. (PB) and Cobi R. (CR).

CB: So, what do you think about camp this year?

PB: This year at camp is pretty fun. But we do have to take a bus to go swimming.

CR: I think it puts a whole new spin on CBC.

CB: Talk about the difference between the old CBC and this year?

CR: I say we lost some things and we gained some things. We lost the ability to do more outside and we lost our huge campus. But we also get to go to a lot more places.

CB: Because of the slight climate change, we seem to be getting a lot more wild zombies sneaking on campus. What is your analysis?

CR: Basically, I have a reason why this is happening. They are because the heat causes us to sweat, and zombies smell our scent.

PB: My analysis is that the zombies smell our flesh because we are so awesome like that.

CB: Thank you for taking part in this interview.

The Friendship of Baylor L. and Spencer D.

In the Seal's group, Baylor L. and Spencer D. are best friends. In archery, they were partners with bows. All they do is hang out with each other. They have known each other for one year. Their favorite thing to do is to go Wild Acadia Fun Park on the water slides. That's all I know about their friendship.

An Interview of Simon, CBC Volunteer Helper

Simon looks like Justin Bieber. He is from Germany and he has a sister. Simon likes helping at Camp Beech Cliff. He loves the beach and water. His favorite food is pasta. He loves to play soccer. His favorite movie is *The Hangover*. His sister is named Lissi. Simon is 16 years old and his sister is 18 years old. He does not like Justin Bieber. We are glad that he is here.

An Interview of Ben H.

Ben's favorite program area is Sports and Games. His weird talent is that he can suck in his tummy to make him look like an alien. His favorite thing about Sports and Games is dodgeball.

Our Experiences at Camp Beech Cliff

CBC is a great camp. There are lots of fun things to do. For example, in Sports and Games we do a lot of exciting games like dodgeball and Gaga ball. In Performing Arts we practice for Friday performances by singing, acting and dressing up. In Outdoor Skills, we learn about nature and explore outside. For Arts and Crafts, Mike teaches us how to make sculptures, to draw, and many other things. Archery is another fun period of the day. PhotoNews is tons of fun. We take pictures and write articles like this one. Last but not least is swimming and boating. CBC is a lot of fun and we recommend it to any kid who enjoys lots of awesome activities.

Performing Arts

Rosalita, Maia, and I did plays together like the *Three Princesses*. We also do a lot of games in Performing Arts with our other friends/counselors Annie and Bradley. These games are Snake, Talk or Die and Three-Headed Monster. My favorite thing is the dance parties. We always have fun!

CAMPER TIP OF THE WEEK!

Keep water cool on hot days by freezing half of it overnight and filling up the other half with fresh water in the morning.
